

**AMA#4818**

**Etowah R/C Flying Club, Inc**

**25 Blessing Ct., Hendersonville, NC 28739**

## **ERC Field Rules** Changed January 18, 2017

- \* **The AMA Safety Code is in force always.**
- \* **Prop ripping is not allowed and can be a reason for expulsion.**
- \* **Aircraft larger than ¼ scale will do all fly-bys and stalled wing maneuvers past the center line of the field.**
- \* **The field frequency control board will be used at all times when using 72mHz. You must pin your channel before turning on your transmitter. If you cause a model mishap, because you turned on a transmitter and you don't have a pin on the control board, you are liable for all damages.**
- \* **Pilot's using 2.4 GHz transmitters are not required to pin the frequency control board unless required by an event CD.**
- \* **All pilots must have a current AMA card to fly. The exception will be pilots in the club Intro Pilot Program.**
- \* **Etowah R/C Club Members are required to display their membership card while at the field.**
- \* **When more than one model is flying, there should be a spotter to watch out for potential hazards, the pilots may not see.**
- \* **When a spotter is not available, pilots should stand close enough together to be able to hear warning shouts.**
- \* **Models shall not be taxied into the pits.**
- \* **Pilots will stand behind the flight line barrier fence while flying.**
- \* **No R/C Flying is allowed in the pit or parking areas.**
- \* **While control line models are being flown, all vehicles must be a minimum of 10 feet from the flight path.**
- \* **Announce to others whenever you step out onto the active runway.**
- \* **The flight pattern will generally be controlled by wind direction. All flyers in the air will adjust to one pattern.**
- \* **There should be no more than four models in the air at the same time.**
- \* **Take your trash out with you when you leave. If you smoke do not throw butts on the ground.**
- \* **Engines will not exceed 102 DB measured at 10 feet.**
- \* **Guest pilots must be accompanied by a club member.**
- \* **No internal combustion engines are to be operated before 10:00AM on Sunday's.**
